WISE-CASING pulse-TDR records (velocity factor estimated from 80 m reference: 0.638)
TDR_20180315194711u.csv: documented 80 m, short termination
incident pulse peak
strongest echo
expected termination echo
v / |v_inc|
TDR_20180315195720u.csv: documented 80 m, short termination, damage at 40 m
TDR_20180404134819u.csv: documented 20 m, short termination [echo inconsistent with stated length]
TDR_20180404135441u.csv: documented 10 m, short termination [echo inconsistent with stated length]
TDR_20180404141951u.csv: documented 5 m, short termination [echo inconsistent with stated length]
